

detail::object_api< handle >

handle

object

none

```
graph BT; none --> object; object --> handle; handle --> detail["detail::object_api< handle >"]
```

The diagram illustrates a vertical hierarchy of four components, each enclosed in a rectangular box. From bottom to top, the components are: 'none', 'object', 'handle', and 'detail::object_api< handle >'. Each component is connected to the one above it by a vertical arrow pointing upwards, indicating a directional relationship or inheritance.
